## Parent Conferences for All Families PreK to Grade 12 Wednesday November 7

AISF hosts two parent conferences each school year. The first sessions will run on Wednesday afternoon in the classroom of each teacher. The purpose of parent conferences is to provide families with an opportunity to talk with their children’s academic teachers. Teachers will share their perspective on your child’s progress and you will have time to offer your ideas and ask questions. All students will have completed MAP testing. Teachers will share results with the purpose of using MAP results to set major learning goals for each student for the remainder of the school year. You’ll receive a copy of this goal setting sheet at your parent conference.

The schedule for this Wednesday’s conferences is right below. It’s important to arrive on time as teachers are tightly scheduled to accommodate families with more than one child enrolled.
