

2017-2018

BRING YOUR OWN DEVICE PROGRAM

BYOD Program to Enhance Learning

The primary purpose of technology at the American International School of Freetown (AISF) is to support and enhance student learning. Students will bring a computer to school for learning purposes. Learning to effectively use computers is an important part of preparing students for success in an ever changing world.

All students in grades 5-8 will need a computer for classroom use.

Computers will need a minimum of a 2 GHz processor and 4 GB of memory. A keyboard and at least 1 USB port are required.

The operating system should be Windows 7 or newer or Mac OS X or newer.

Microsoft Office Student Edition and Adobe Flash Player are required.

Students are recommended to practice typing with typingclub.com
